Your Complete Medical Spa Business Solution

Hello,

I would like to thank you for attending our recent educational webinar. All our feedback was positive and agreed that it was interesting, informative and thought provoking....

Think about it...Is your business growing as fast as you'd like?

These days traditional marketing is a hit or miss proposition with today's consumer a moving target.

I would like to follow up with a valuable offer exclusive to all attendees, a FREE 30 minute "marketing assessment" (\$500 Value). We will review your current internal and external marketing plans and help guide you with valuable information and offer critical marketing tips on how to hit your target market and improve your results.

Just follow the link for our [marketing checklist](#) and one of our expert marketing consultants will contact you.

We have also attached for you two links to my articles that I feel will really answer any questions you may have: [and Consultation Metrics: Measurements for Success and Marketing Metrics – the Most From Your Marketing Dollars.](#)

If you have any immediate questions please feel free to contact us at [@beautifulforever.com](#) or call us at 877-SPA-MEDI.

Thank you and have a beautiful day.
